**THIS IS HOW
WE DO:**

Town Guide

ESTABLISHED 1902

WASHINGTON

Welcome to Cle Elum

Where the past is always present.

Cle Elum began as a rugged mining and logging town high on the eastern slopes of the Cascade Mountains in Washington. The wood harvested here built the booming cities to the west. Today, the forest is our playground where we hike, bike, snowmobile, and cross country ski. Our swift rushing streams inspired our name and along with our mountain lakes provide us places to fish, swim, and float.

Our downtown is a nostalgic look at roadside America. First Street brings back memories of days when fast food was not so bland, and the landscape not so routine. A nearly 100-year old bakery, locally owned restaurants, classic motels, and carefully stocked shops line the road.

We look to the future with great plans to preserve the best of this authentic place. Our aim is to always hold onto our past, and share it with our guests for years to come. Come visit us today and enjoy a charming walking district that connects our past with our future, provides opportunity for growth, and enhances our amazing setting.

There are many things to do in Cle Elum.

How will YOU do Cle Elum?
